Ezekiel Chapter 39 on 03/13/2025 (7 P.m. to 8 P.m.) Rev. SureshKumar Nelson

Ezekiel 39 continues the prophecy about Gog and Magog, a powerful enemy that comes against Israel, only to be utterly defeated by God. This chapter emphasizes God's sovereignty, judgment on Israel's enemies, and the restoration of His people.

1.The Destruction of Gog (Ezekiel 39:1–8)

- God declares He will bring Gog against Israel but defeat him decisively.
- The destruction of Gog's army will be so complete that it will serve as a testimony of God's power.

2. The Aftermath: Burying the Dead (Ezekiel 39:9–16)

- The people of Israel will gather the weapons of the fallen armies and use them for fuel for seven years.
- A special valley, the Valley of Hamon Gog, will be designated for the burial of Gog's forces.
- A thorough search will be conducted to cleanse the land of all remains.

3.A Feast for the Birds and Beasts (Ezekiel 39:17–20)

- God invites birds and wild animals to feast on the dead bodies of Gog's army.
- This is a vivid picture of divine judgment, showing that human power is nothing before God.

4.The Restoration of Israel (Ezekiel 39:21–29)

- The nations will recognize God’s glory and power.
- Israel will understand that their past suffering was due to their sins.
- God promises to restore Israel completely, never again hiding His face from them.
- The chapter ends with the promise that God will pour out His Spirit on His people.
